## Work Experience

---

### **Sanitation Manager**

BEST IN THE WEST - Deming, NM

January 2022 to Present

Ensures compliance with all company and regulatory product quality standards, sanitation standards, food safety standards, employee safety and environmental standards. I create a work environment that reflects a commitment to protecting the health and safety of employees, food safety and quality of products. Enforces GMP's and implements HACCP processes and procedures. Maintain inventory of sanitation chemicals and supplies. Train staff on proper usage of sanitation chemicals. Prepares reports regarding inspections, sanitation violations, and corrective actions taken. Work closely with management and production personnel on sanitation problems. Recommend changes to improve sanitation polices, procedures and standards. Monitor completed sanitation tasks and cleanliness of plant. Ensure a safe work environment for all employees. Coordinate with maintenance or others as appropriate to solve sanitation-related problems. Investigate all issues and apply corrective actions as needed

### **Distributor**

Herbalife - Deming, NM

October 2014 to Present

Develop nutrition plans and agendas for clients based on individual health concerns and advice on specific diet and exercise plans. Conducted initial interviews with clients to find measured baseline for BMI, cardio tolerance and strength. Led planning and achievement of goals and adjectives consistent with agency mission and philosophy. Continually improved knowledge, skills and performance based on feedback and self identified professional needs.
