## Work Experience

---

### Heavy Equipment Diesel Mechanic

#### Freeport-McMoRan

April 2017 to November 2025

- Performed routine maintenance and repairs on heavy equipment diesel engines, including troubleshooting, diagnosing issues, and replacing faulty parts
- Conducted thorough inspections of equipment to identify potential problems and prevent breakdowns or accidents
- Utilized diagnostic tools and software to analyze engine performance and identify areas for improvement
- Collaborated with team members to prioritize repair tasks based on urgency and availability of equipment
- Ensured compliance with safety regulations by following proper procedures for handling hazardous materials and operating machinery
- Diagnosed electrical system malfunctions using specialized testing equipment such as multimeters or oscilloscopes
- Performed preventative maintenance tasks such as changing oil filters, lubricating moving parts, inspecting belts/hoses for wear or damage etc

### Truck Driver

#### Freeport-McMoRan

April 2017 to October 2022

- Operated a commercial truck to transport goods and materials to designated locations
- Performed routine inspections and maintenance on the truck to ensure its safe operation
- Collaborated with dispatchers to plan efficient routes for deliveries, optimizing time and fuel efficiency
- Utilized GPS systems or maps to navigate unfamiliar routes efficiently and accurately
